15-16 Feb 2024
8AM - 6.30PM

2nd Future of Ukraine, Powered by Region Stockholm

Building Back a Better Economic Ecosystem

CONFERENCE PROGRAM:

Long-term collaboration to foster startup development, encourage collaboration at municipality and regional levels, and promote targeted business activities for sustainable development. This collaboration aims to contribute to economic growth, create a positive impact on society, environment, and politics.

- Delve into the world of business-to-business (B2B) collaborations and partnerships.
- Explore successful case studies and strategies for fostering collaboration between startups, corporations, and academia.
- Gain practical insights into driving innovation and business development. Engage in pitch sessions showcasing Ukrainian startups.

- Discover the power of collaboration within the public sector.
- Explore data-driven approaches to optimize public services.
- Learn about innovative municipal initiatives and explore opportunities for collaboration between Ukrainian and Swedish organizations.
